

CONGRATULATIONS TO THESE TOP HERDS!

## Holstein Canada Herds of Distinction ★★★★★ 2023 ★★★★★

This award recognizes Total lifetime production of animals in the herd.

CRITERIA: Includes all cows in the herd having completed a lactation in 2023.

Lifetime milk production of all animals in the herd who have completed a lactation in 2023 are used to calculate the Milk Herd average.

Grouped by herd size: (herd size = number of animals completing a lactation in 2023)

## Daily Production Champion: Top value per day of life Top 10 Cows in BC, AB, SK and MB

CRITERIA: Animals must be 60 months of age or older and have completed a minimum of four lactations.

- Animals are ranked in order of top kilograms of milk per day of life. Total milk, fat and protein values are divided by the number of days of life (birthdate to completion of lactation).
- AWARDS ARE BASED ON LACTATIONS TERMINATED IN 2023.
